

3M™ PELTOR™ Rechargeable Li-Ion Battery Pack, ACK081B/1

Product Description

The 3M PELTOR rechargeable Li-Ion battery pack to be used for certain 3M products, such as WS LiteCom Plus, WS LiteCom Pro III, WS Adapter G3 among others, please refer to the user instruction for your product.

Battery pack is delivered in “shipping-mode” to reduce self-discharge and will not start until the charger is attached. When the red LED lights up, the battery pack is turned on and charging starts.

When battery is not connected to a product all connectors are de-energized to minimize any corrosion or short circuit risks.

Key Features

- Increased capacity, 3,7 V 2150 mAh, 8Wh,
- De-energized connectors when battery is not connected to a product.
- Delivered in “shipping-mode.”
- Fully compatible with ACK081.

Standards and Approvals

Hereby, 3M Svenska AB declares that the product is in compliance with appropriate directives or regulations to fulfill the requirements for the CE marking.

The full text of the EU declaration of conformity is available at the following internet address: www.3M.com/PELTOR/DOC. A copy of the declaration of conformity and additional information required in the directives or regulations can also be obtained by contacting 3M in the country of purchase.
